

## Volume 3: Quality Assurance, Reform and IT in Teacher Education

Series Preface i

Overview of Volume 3 ix

### **Section A Quality Assurance, Evaluation and Effectiveness of Teacher Education**

- |  |    |
|--|----|
| 1. Quality Assurance                             | 3  |
| 2. Standards and Benchmarking                    | 9  |
| 3. Evaluation of Teacher Education Programme     | 17 |
| 4. Effectiveness of Teacher Education Programme  | 45 |
| 5. Licensure, Accreditation and Certification    | 61 |
| 6. Assessment in Teacher Education               | 77 |
| 7. Accountability in Teacher Education           | 83 |
| 8. Administration of Teacher Education Programme | 85 |

### **Section B Reform and Innovations in Teacher Education**

- |   |     |
|---|-----|
| 1. Reforms in Teacher Education Programme                         | 89  |
| 2. Innovative Training Models and Approaches of Teacher Education | 103 |
| 3. Innovative Professional Practices in Teacher Education         | 113 |
| 4. Paradigm Shifts in Teacher Education                           | 117 |
| 5. Challenges of Teacher Education                                | 119 |
| 6. Thinking, Rethinking and Issues of Reform in Teacher Education | 123 |

### **Section C Information Technology in Teaching and Teacher Education**

- |  |     |
|--|-----|
| 1. Information Technology Competencies of Teachers   | 143 |
| a) Teachers' Knowledge and Skills in Information Technology Application                        |     |
| b) Teachers' Attitudes, Perception, Concern and Efficacy in Information Technology Application |     |

- 2. New Technology Infrastructure for Teaching and Teacher Education 167
  - a) New Technology Infrastructure for Teaching and Learning
  - b) New Technology Infrastructure for Curriculum Development
  - c) New Technology Infrastructure for Professional Development
  - d) Trends and Design of New Technology Infrastructure in Education
- 3. Information Technology-based Teaching and Teacher Education 203
  - a) Distance and On-line Teacher Education Programme
  - b) Use of Information Technology in Subject Teaching
  - c) Use of Information Technology in Special Education Teacher Training
  - d) Use of Information Technology in Curriculum Development
  - e) Use of Information Technology in Teacher Professional Development
  - f) Use of Information Technology in Developing Teaching Resources
  - g) Use of Information Technology in Enhancing Teaching and Learning
