Part II

The University's Graduate Attributes and seven Generic Intended Learning Outcomes (GILOs) represent the attributes of ideal EdUHK graduates and their expected qualities respectively. Learning outcomes work coherently at the University (GILOs), programme (Programme Intended Learning Outcomes) and course (Course Intended Learning Outcomes) levels to achieve the goal of nurturing students with important graduate attributes.

In gist, the Graduate Attributes for Undergraduate, Taught Postgraduate and Research Postgraduate students consist of the following three domains (i.e. in short "PEER & I"):

- Professional Excellence;
- Ethical Responsibility; &
- Innovation.

The descriptors under these three domains are different for the three groups of students in order to reflect the respective level of Graduate Attributes.

The seven GILOs are:

1. Problem Solving Skills
2. Critical Thinking Skills
3. Creative Thinking Skills
- 4a. Oral Communication Skills
- 4b. Written Communication Skills
5. Social Interaction Skills
6. Ethical Decision Making
7. Global Perspectives

1. Course Synopsis

This course introduces a wide range of e-resources and their applications in promoting effective English teaching and learning in Hong Kong primary and secondary schools. The effective evaluation of e-resources is also included. Focus will be given to using e-resources to facilitate arousing students' interest in English, integrating language skills more effectively, increasing interaction and collaboration between teachers and learners, and assisting learners in beginning to take charge of their own learning. The course includes how e-resources can be integrated with a variety of teaching approaches to tailor a school-based English curriculum suited to the needs of learners. Aims of the English curriculum, including assisting students to be more flexible, independent, motivated and engaged in their learning activities will be addressed. IT resources covered in the course include a variety of websites, software, hardware tools, apps and e-books (including e-textbooks) appropriate to the learning level of both primary and secondary students.

2. Course Intended Learning Outcomes (CILOs)

Upon completion of this course, students will be able to:

- CILO₁ Demonstrate an understanding of the principles, concepts and roles of e-resources in planning and delivering primary and secondary English language lessons [PILO₁, PILO₂];
- CILO₂ Demonstrate the use of a variety of e-resources, including LMSs, software, hardware (iPads/tablets) and apps, in supporting and enhancing the teaching and learning of the English curriculum [PILO₂, PILO₃, PILO₄]; and
- CILO₃ Evaluate teaching and learning activities, approaches and applications that involve the use of e-resources to support English language teaching and learning [PILO₂, PILO₃, PILO₄].

3. Course Intended Language Learning Outcomes (CILLOs)

Upon completion of this course, students will be able to:

- CILLO₁ Use spoken and written English to articulate and discuss concepts and issues related to the use and integration of e-resources in the ELT curriculum.

4. Content, CILOs, CILLOs and Teaching & Learning Activities
